COUNCIL CONCLUDES TO CONSTRUCT WALL

STREET COMMITTEE AND ENGINEER AUTHORIZED TO OBTAIN BIDS AND LET THE CONTRACT RIGHT AWAY.

A special meeting of the municipal council was held Tuesday for the purpose of further considering the proposed sea wall and fill along South Beach street. Councilman Klock stated that many of the people in that section of the city are very anxious for the work to begin right away, in order that they may not be delayed too long in getting street car service.

The street committee was authorized to at once co-operate with a competent civil engineer and get bids and award contract for the construction of the wall, the cost of which is to be borne by the city. The length of the wall will be about 700 feet, extending from Live Oak avenue to Loomis. Owners of property fronting the river at this point have agreed to bear the cost of the fill, which will vary in depth from a few inches to five or six feet, and in width from a foot or two to about 30 feet.

The object of the wall and fill will be to provide room for the extension of the Central of Florida railway's track along South Beach.

Mr. and Mrs. M. G. Marsh of Prattville, N. Y., are in the city for a few days on their way to Palm Beach where they will spend the season. Mr. Marsh is associated with G. S. Griffin in the publication of the Prattville News and has been in the newspaper business for 50 years. Mr. Marsh has previously visited Daytona, being here last in the winter of two years ago. Mr. and Mrs. Marsh will come to Daytona again for a time before returning north.

ONE NEW SUBSCRIPTION FOR THREE YEARS GETS 300,000 VOTES-RENEWALS ALSO COUNT HIGH.

Contestants in the Gazette-News Panama-Pacific Exposition contest are evidently overlooking the most important way to increase their lead, and that is through subscriptions to the newspaper. In this field of endeavor there is greater opportunity than in any other. The number of votes given with each new subscriber, of subscription renewal, is an inducement that is bound to work wonders with the contestant who gets out and makes a personal canvass of her territory. Take for instance the number of votes that go with a new subscription for three years—300,000. Contestants at the foot of the ladder now could easily jump to the top by securing one or two subscriptions for that length of time.

Contestants who have friends in the north would do well to write them asking for a subscription to the paper. Nearly every one who has spent

BRITISH TRADE LOSS HEAVY

Imports Decrease \$100,850,000 in One Month and Exports \$90,100,000—Cotton Suffers.

London.—The effect of the war on British trade is shown in the figures published by the board of trade for the month of October.

The principal loss in imports was \$27,500,000 on raw cotton from America and \$7,500,000 on cotton from Egypt, together with \$35,000,000 on manufactured articles. The exports of coal declined \$10,000,000 and the exports of manufactured articles declined \$67,500,000. Of the last named, cotton yarns made up \$26,250,000 and wool yarns \$6,250,000.

Culture.
Taking culture in the individual as meaning a development of all the faculties it follows that the most cultured nation is that in which there is the greatest number of all round men. And if this be true, we must at once realize how hopeless is the task of attempting to estimate the extent of culture in various nations.

BILLY CLIFFORD AT THE NEW DAYTONA THIS EVENING

The Jacksonville Times-Union's critic of things theatrical presented the following estimate of Billy "Single" Clifford's "Believe Me" farce, which is to be presented at the New Daytona theater Wednesday and Thursday evenings:

"The farce, 'Believe Me,' with Billy 'Single' Clifford presenting himself, his minstrel maids and the Louverne Ladies' Band and Orchestra, played to good sized houses both afternoon and night at the Duval theater yesterday. A number of good musical numbers, some of which were exceptionally good, were the principal features of the farce, which seemed to be a medley of musical comedy, vaudeville and minstrel. Both Mr. Clifford and 'Musical' Walker, playing black-face and straight, were good and the three Weston Sisters showed well developed musical talent with a number of instruments. Several good voices also marked the play."

PALMETTO CLUB TEA A PLEASANT EVENT

FIRST OF A SERIES OF SOCIAL AFTERNOONS TO BE GIVEN DURING THE CLUB YEAR WAS MUCH ENJOYED.

A very pleasant social event of Tuesday afternoon was the tea for the members and guests of the Palmetto club, given at the club house on Orange avenue. In spite of the threatening weather, a goodly number were present to enjoy the delightful affair, which was arranged by the social committee under the efficient direction of Mrs. Louis D. Perrin.

The assembly room was prettily decorated with bamboo, palms and cut flowers. Mrs. Putnam and Mrs. Donnelly were the hostesses who greeted the arriving guests, and other members of the social committee assisted in making the affair delightful.

Mrs. Hitchcock sang a group of three songs very pleasantly: "Little Boy Blue," by Jesse Geynor; "I Love You Truly," by Carrie Jacobs Bond, and "Dreamland," by Harriet Dingley. These charmingly rendered songs were peculiarly appropriate, being the compositions of three prominent American women. Miss Evelyn Clark accompanied Mrs. Hitchcock's songs. The Misses Lois and Alice Green

avored the club with two very pretty dances, which were enthusiastically received. They gave first the Maxixe and afterwards the Fox-trot in a very graceful manner. Miss Ella Williams was at the piano. At a beautifully appointed table, tea and coffee were poured by Mrs. Cordis and Mrs. Each, and delicious cakes, candies and salted nuts were served. Other members of the social committee who assisted in the making of the occasion delightful were Mrs. Fred Niver, Mrs. Archibald, Mrs. Marrener and Mrs. Rolland E. Stevens.

This is the first of a series of social afternoons to be given during the club year, and its success augurs well for the future affairs.

BAND CONCERTS TODAY AT LOCAL HOSPITALS

Saracinas' band played this afternoon at Dr. Klock's hospital on South Beach street and the evening concert will be given at Dr. Bohannon's hospital on First avenue.

Prevalence of Cancer.
Cancer among men is found in all countries where a close search for it has been instituted. The frequency with which it occurs differs, however, very much among people living under the ordinary conditions of present civilization in Europe and America and among races or nations living under more primitive conditions, especially in Africa and Asia.

Refreshing Drink.
A teaspoonful of black currant jelly dissolved in a glass of cold water makes a delicious and refreshing drink for a patient in a sick room, or on hot days to serve as a family beverage in place of tea or coffee. Black currant jelly dissolved in hot water is very soothing to a sore throat.

His Choice.
If a man had his choice between taking a gallon of castor oil or hearing his wife read one of his fool love letters, he would dive into the castor oil.—Cincinnati Enquirer.

THREE CASES HEARD IN MAYOR'S COURT TUESDAY

A brief session of Mayor Titus' court, Tuesday, resulted in the case against Jacob Thompson for permitting his chickens to run at large being dismissed. Fred Treu paid \$1.00 and costs, \$3.00 in all, for riding a bicycle at night without a light. For disturbing the peace, dignity and good order of her neighborhood, Emma Amiker was graciously invited to pay the city \$10.00 or spend 60 days in the municipal bastille. It was established that Emma is not entirely without ability as a disturber. Incarceration in the city jail did not appeal to her esthetic taste, so she paid the fine.

He Didn't Worry.
A member of the Providence bar one day met an able and conscientious judge on the street and said to him: "I see, judge, that the supreme court has overruled you in the case of A versus Z, but you need feel no concern about your reputation." "No, indeed," answered the judge complacently, "I don't; I'm only concerned about the reputation of the supreme court."—Lippincott's.

RAPIDLY IMPROVING BOSTWICK PARK

The Kagay-Marshall Realty company who recently opened offices with Conrad & Oates, 234 South Beach street, have built an office at the property they will develop and sell this winter, known as Bostwick Park.

The office is of the bungalow style and is at the corner of Silver Beach avenue and Peninsula Drive. A salesman can be found in this office every afternoon from 2 until dark to show interested parties over the property and to inspect the improvements which are now being made in this high class development.

Bostwick Park is only a short walk from the business center of Daytona, being just across the South bridge. The company's automobiles, however, are at the disposal of any who desire to inspect the improvements which are being pushed rapidly.

Every street in the tract will be made a boulevard with palm trees and shrubs planted in the center and hard surfaced with shell on both sides. Every lot will front on a five-foot concrete sidewalk. At the entrances to the streets will be built columns of coquina, on top of which will be electric lights. City water, gas, electric lights and telephones have already been installed on the property.

The neighborhood values have already been established, the property surrounding Bostwick Park being built up with modern homes. There is now being built at Bostwick Park a home costing more than one hundred thousand dollars by E. L. King. There has also been built several nice bungalows on the ocean beach.

The property is owned by F. N. Conrad of this city and Bert Fish of DeLand. The Merchants State Bank is the depository for the property and collect all payments and deliver all deeds and abstracts.

The property will be restricted so as to always insure a high class home section. All dwellings will be built 30 feet from the front line of the lots, thus giving the property a uniform, parklike appearance. Different sections of the property are restricted as to the cost of the dwellings, running from \$2,000 for the back lots to \$5,000 for the choice lots on Silver Beach avenue and facing the hundred thousand dollar residence of Mr. King.

The property comprises parts of three estates, one of which, the Bostwick property, were offered years ago, the price the owners will receive for the entire property with the improvements, gas and water.

The owners only desire a reasonable profit on their investment, and a quick sale at small prices will be the policy of this sale. The property has been appraised by old residents and owners of similar property and in every case their prices were from 50 per cent. to 100 per cent. higher than the prices at which the property will be sold.

The property will be formally opened January 10th to 15th, but many local citizens are making advance reservations of lots, so as to secure their choice before the improvements are finished. Those who desire to inspect the improvements now being made and to see a property which will positively be the best improved subdivision to be opened on the East Coast of Florida this winter, can telephone 128 and our automobile will call for them, or call on our representative at office on Bostwick Park. Kagay-Marshall Realty Co., sales agents, 234 South Beach street. Telephone 128.—Advertisement.

D. H. S. TEAM IS AGAIN VICTORIOUS

DEFEATS DAYTONA ATHLETIC CLUB AT NAUTILUS CASINO IN WELL-PLAYED GAME, WITH SCORE OF 28 TO 19.

The D. H. S. basket ball team won its fourth victory out of five games played this season, when the high school team succeeded in downing the Daytona Athletic club five at the Nautilus casino, last evening, by a score of 28 to 19. Both teams put up a fair exhibition, considering the highly polished dancing floor on which the game was played. This glass-like finish kept both sides from displaying anything like their true speed, and held the scoring low. D. H. S. team work again showed to advantage. Summary and lineup:

BROKE INTO HOUSE AND STOLE TRUNK

CARRIED IT QUARTER OF MILE INTO WOODS, BURSTED HOLE IN IT AND TOOK MONEY AND CLOTHING.

"Kittie" Williams went to Midway Tuesday night and spent a few hours. When he returned to his home in New town, later in the evening, he discovered that during his absence somebody had entered his room and removed his trunk. The matter was reported to the police department, and Chief Milton assisted Williams in making a search for the missing property. They hunted for some time Tuesday night, but without success. Wednesday morning, however, the trunk was found in the woods about a quarter of a mile from Williams' house. A hole had been broken in the side of the trunk and \$19 in cash, some jewelry and a suit of clothes removed from it.

The police are on the trail of the thief, and it is not unlikely that one or more arrests will be made soon.

*Dolls, games, picture books and mechanical toys at E. Kipp & Co.'s, 194-4f

He was at one time professor of mathematics in the University of Michigan. Professor Potter only recently returned from Kansas City where he was a witness in the Everglades land case.

SANFORD VS. DAYTONA BASKET BALL TEAMS AT THE ARCADE

The last home game for the D. H. S. basket ball team before Christmas will be played at the Arcade, Friday evening, December 11th, when they meet the strong team representing Sanford high school. The Sanford boys usually put a strong team in the field, so an interesting game is assured all who take an interest in the sport. The record of the D. H. S. team, so far this season, is one for all Daytona boosters to be proud of, as in five games played to date, the "silver and blue" of D. H. S. has been triumphant four times, while the total number of points tallied by D. H. S. amounts to 144 against her opponents 84. Interest over the outcome of the game is intense, and arrangements are being made to care for an immense crowd at the Arcade. Come out to the game and help the home boys win a victory over the "Celery City" invaders.

PROPOSES TO ENGAGE IN NEWSPAPER BUSINESS HERE

H. C. Sparkman, well-known newspaper man, came to Daytona Monday from Deland, accompanied by his wife and children, and they are in the Wicking bungalow, 229 Volusia avenue, rented through A. E. Donnelly. Mr. Sparkman is here with the purpose of locating permanently and engaging in the newspaper business in this city, having in view the purchase of the Halifax Journal.

Mrs. Frank Hawk was a Jacksonville visitor the latter part of last week, returning Sunday night. Mrs. Hawk was looking up a residence in Jacksonville, to which city she expects to remove with her children the last of this month. Mr. Hawk is a traveling man and finds it more convenient to reach Jacksonville than Daytona.

Mrs. Celeste Hinks, proprietor of the Magnolia hotel, entertained her guests Sunday with music by the Crystal orchestra during the dinner hour. Mrs. Otis Pellicier presiding at the piano, E. D. Vittum playing the cornet and Ervin Ballough the violin. The concert was much enjoyed by the guests who filled the large dining room.

ALLANDALE.

ALLANDALE, Dec. 8.—Don Morris and wife drove their car down on Sunday and joined the Christianeys and the party went on to New Smyrna where the children of both parties were christened by the Rev. Mr. Baker of the Episcopal church, the Christianeys standing sponsor for John Donald Cameron Morris and the Morris for Allan Howes Christainey. The Allandale company has present-

ed C. Christainey with a new Hubmobile, which arrived last Saturday.

Platt R. Spencer, of the Spencerian system of penmanship, paid a visit to Itask's one day last week, driving over from Holly Hill where he is stopping for the present. The gentleman is eighty years old but quite active, as he drove over alone. He was very much pleased with what he saw of Allandale and talks strongly of locating here.

A party from Ohio have bought the lot north of the Hobbs bungalow and will build a buff brick bungalow this winter. This place will make the

fourth attractive bungalow on the Riverside at Kirby Place.

Plans have been finished for alterations on the Baker bungalow that will add greatly to the beauty of the place and give more room. A garage will also be built at the rear of the lot.

At Ye Inn a two and one-half horse power gas engine and pump has been installed that will furnish water for the Inn and cottages in the vicinity.

The Five Hundred club meets with Mrs. J. H. C. Howes this week.

Mrs. C. F. Taylor and daughter, with Miss Flora Morrison, spent Sunday at the Inn.

Learn These Three Facts

Development advances the values of real estate.

Rapid or frequent change of owners advance the price of real estate.

BUT IT TAKES ACTUAL BUILDING OPERATIONS continued over an indefinite period to SUSTAIN VALUES.

ALLANDALE

IS ENJOYING A GREAT UPBUILDING MOVEMENT, ALREADY IN PROGRESS—ACTUALLY UNDER WAY. ANYONE CAN SEE IT WHO WILL GO THERE AND LOOK. THIS DEVELOPMENT HAS ALREADY ADVANCED VALUES. PRESENT PRICES ON THE LOTS WE ARE SELLING THERE ARE TOO LOW—EIGHTEEN MONTHS BEHIND THE ACTUAL DEVELOPMENT.

WE SHALL HOLD THE PRESENT PRICES RIGHT WHERE THEY ARE ON THE LOTS WE STILL OWN. THESE PRICES WILL CREATE A RAPID CHANGE IN OWNERSHIP, UNTIL IT WILL LOOK LIKE A REGULAR BARGAIN DAY SCRAMBLE.

MAKE MONEY

THIS DEVELOPMENT IS NOT TO BE CHECKED BY ADVANCE PRICES ON THE LOTS WE HOLD. WE SHALL MAINTAIN THE PRESENT LOW PRICES UNTIL WE WITHDRAW THE REMAINDER OF THE LOTS FROM THE MARKET. THIS POLICY OF SELF-DENIAL ON OUR PART IS BOUND TO MAKE OUR PRESENT BUYERS DOUBLE THEIR MONEY IN A FEW MONTHS.

MAKE ONE SMALL PAYMENT OF FROM \$25.00 TO \$100.00 AND GET A CONTRACT ON SOME OF THESE LOTS NOW. IF YOU CAN'T BUILD FOR YOURSELF, RESELL TO A WINTER BUYER WHO DOES. THESE BUYERS ARE ALREADY COMING—THOUSANDS OF THEM ARE ON THEIR WAY. BUY NOW AND SELL TO THEM INSTEAD OF BIDDING AGAINST THEM LATER.

SEABREEZE.

SEABREEZE, Dec. 9.—In the absence of Aldermen Wilson and Kenney, both of whom were out of town, the regular meeting of the town council was postponed from Monday to Thursday night. Quite a number of taxpayers, interested in the water supply proposition, met at the town hall Monday night to hear the council doings.

The McNutt cottage, which has been occupied by tenants for the past two years, and was purchased by Col. T. F. Cordis last winter, will be moved away by the owner, who has let the contract to C. A. Ballough to erect a coquina garage near where the small wooden building now stands.

Contractor Ballough also has a gang of men finishing up the coquina wall at the George L. Johnson new winter home on North Peninsula drive, and putting in coquina posts for a pergola.

Mr. and Mrs. Geo. H. Ranslow and children, and mother, Mrs. E. J. Ranslow, arrived last week from Portsmouth, Me., and are located for the season in one of the Clarendon cottages on North Grandview avenue. Dr. Ranslow will again have charge of the Clarendon drug store, which will open the first of next month, in the new location in the Clarendon hotel on Ocean boulevard. The wooden building, which has been occupied as a drug store for several seasons past, it is understood will be moved; also the house known as the Sontag cottage on Ocean boulevard, so as to vacate the corner and give more ground for the hotel holdings. This improvement is in contemplation by President E. L. Potter and the hotel company, but may wait over for next season.

Mrs. Hesser arrived last week from Attleboro, Mass., where she has been

visiting her daughter, and is occupying her cottage on North Halifax avenue. Mrs. Hesser spent the summer at Monteagle, Tenn.

Oscar Benson and family came in Saturday from Marietta, Ga., to spend the winter in their cottage on North Halifax avenue. They were glad to get back to Florida. Mr. Benson says he was sick during the summer and often longed for his Seabreeze home and the tang of the grand old Atlantic ocean.

Messrs. Farrell and Case returned Saturday afternoon from a week's fishing bout at Coronado beach. The fishing was fine and they enjoyed the outing.

Mrs. E. G. Stevens came over from Sanford last week to fix up her house for winter rental. She will leave on Thursday on her return home.

Mr. and Mrs. E. R. Dusenberry, whose new winter home on Glenview Burdick the past summer, arrived from Rochester, N. Y., the latter part of last week and have been with Mrs. Stevens, awaiting the arrival of furniture for their new home, in which the yhope to get comfortably settled in a short time.

The new concrete tennis court in the course of construction on the east grounds of the Princess Isseena will bid high for popular favor with the guests of the house.

Among recent arrivals at the Princess Isseena the following are prominent: Mr. and Mrs. R. J. Johnson of Philadelphia, Pa., who were here last winter and are again booked for season guests; Mr. and Mrs. T. R. Henderson, Alken, S. C., are at the Princess for a short stay; Mr. and Mrs. Martin Preston of Detroit, Mich., are at the Princess for a few days on their way to Palm Beach, where they have taken a cottage for the season.

Mr. and Mrs. Henry W. Haynes, the bustling young proprietor of the Isseena, and his wife, motored up to St. Augustine Saturday and spent the night, returning home Sunday.

Mr. and Mrs. Cameron of Milwaukee, Wis., who leased for the season the McConnell residence on the Halifax, North Halifax avenue, through C. F. Burgman, arrived Monday night and are pleasantly domiciled in their winter home.

Mr. and Mrs. Chas. Oliver came over from Daytona, where they stopped temporarily for a week or ten days, and are guests at the Geneva for the winter. Mrs. Oliver, better known as Ruth Law, the aviatrix, will make flights and train her class in aviation from the Nauticus casino, North Seabreeze.

Mr. and Mrs. L. W. Fanning of Baltimore, Md., arrived from the north on Tuesday to spend the winter here,

and are at the Geneva for the present. Mrs. Fanning is a daughter of Mr. and Mrs. E. P. Stengle, proprietors of the Geneva.

Mr. and Mrs. Jas. Henry and two children of Cincinnati, Ohio, stopped off here to visit Mrs. Henry's mother, Mrs. Elder, and other relatives at the home of Mr. and Mrs. J. B. Abercrombie, on North Halifax avenue. Mr. Henry left the first of this week for Miami, where he has a brother, and where he and his family will spend the winter. Mrs. Henry and children will leave the latter part of the week to join him.

W. R. Wharton is improving his winter home on North Halifax avenue by filling the yard to the sidewalk level and planting to grass.

The Baptist Mission Sunday school elected the following officers last Sunday afternoon at the Sunday school hour: Superintendent, Mrs. Frank Beebe; secretary, Miss Gertrude Northrup; organist, Mrs. P. A. Riverberg. The Sunday school and church attendance is increasing each week with the return of winter residents, and the congregations are well pleased with the preaching of Rev. Alexander Rightmire. The mid-week prayer meetings are now held in the little chapel on Thursday evenings.

Mr. and Mrs. Blackmyer of Vermont, who regularly spend the winter in the Mott apartment house on North Peninsula drive, arrived this week and are settled in their former quarters.

Mr. and Mrs. C. A. Lund have received the glad tidings that a beautiful girl baby has arrived at the home of their son-in-law and daughter, Mr. and Mrs. Roy Bullon of Indianapolis, Ind.

Mr. and Mrs. C. Z. Pickering of Susquehanna county, Pennsylvania, arrived the latter part of last week and will be at the Ottawanna cottage until Mr. Pickering erects a bungalow on the rear of a lot he owns on Live Oak street.

One of the prettiest, if not the very prettiest of the smaller size new winter residences to be erected on the Peninsula first and last, is the new home of Mrs. M. D. King and her daughter, Mrs. H. H. Behse of Saginaw, Mich. It is a seven-room cottage, with all the most modern conveniences of a house twice the size; is trimmed in black cypress, and is as dainty as a bird's nest in furnishings. Mrs. King and Mrs. Behse drew the plan, and turned the contract over to L. Z. Burdick, who did the rest. The home includes a garage, and later in the season, when Mr. and Mrs. Behse join her mother, they will bring their car down with them. At present, Mrs. King's son, George C. King,

English Sapper Describes Attempt to Blow Up Bridge in Face of Germans.

London.—A thrilling incident in the wonderful retreat of the British from Mons is described by Sapper Wells of the Royal Engineers, who passes lightly over his own part in an extraordinary act of heroism.

"Our officer asked for a man to go with him to blow up a bridge so that the Germans could not follow us, and I went with him," said Wells.

"Well, to blow up a bridge we use gun-cotton and a wire fuse. It is safe enough if you take your wire well away, but this time it would not work. Our men in running back had stepped on the wire, and so we had to go nearer to the bridge and try again. Even then it would not act, so the officer said to me: 'Get out of the way, Wells.' I said: 'No; I'll go with you.' We were the only two on the bridge and the Germans were shooting at us, but our luck was in.

"Well, we both lay down and I fired ten rounds at the gun-cotton with my rifle and he did the same with a pistol, but it wouldn't work. If it had we should both have gone with it, so you see what a shave we had. We made a dive back and got some more gun-cotton and were making to have another go when an officer ordered us back, saying it was no use trying."
